contente:

In fact, the value 16 is said to be the worst hand one can have in blackjack. Since sixteen of the other fifty cards have a value of 10 and four have a value of 11, there is a strong chance of getting at least an 18 with either or both split cards. A hand totaling 18 or 19 is much stronger than having a 16.

Blackjack Perfect Pairs is a side bet that the first two cards the player is dealt make a pair, with three different types of pair paying out at different odds. A pair is considered to be two cards of the same numerical value for cards between two and 10 and the same face value for jacks, queens, kings and aces.

Dropdown

Full Multify! Info: Rules & Layout

Matching a minimum of three symbols on

consecutive reels will give you a standard win on the Multify! slot machine. Landing more than one symbol on any reel multiplies the standard win. At the end of the win, the Dropdown feature comes into play – all winning symbols are removed, and an extra Wild is added, then new symbols are added, giving more chances to win.

The extra Wilds

increase the reel multiplier, and multipliers are added to the entire dropdown, so landing a winning symbol on a reel with a multiplier will multiply that win. Landing three Scatters will trigger the Multify! Free Spins and the activated reel multipliers from the base game are carried over.
