Good bankroll management is one of the most important tips for winning on slots. Bet too much and you risk going broke before you have a chance for the luck to even out. Bet too little, however, and you risk not maximizing your profits. It's important to plan your stakes correctly.

Use the five-spin slot strategy to play up to five spins at various slot machines. It's time to move on to the next machine if you receive non-0 wins. With the five-spin slot strategy, you are simply trying to get a taste of several machines rather than trying to win multiple times on one particular machine.
