What is heads-up poker?

Heads-up poker refers to any form of the game in which the hand is played out between just two players. Head-to-head poker in other words. Virtually any type of poker can be played heads-up. Hands progress according to the rules of the specific type of poker you're playing heads-up, just as they would do were more players involved. However, there are some heads-up adaptations in community card poker games such as Texas Holdem (see how to play, below).

Games of poker can become heads up when just two players remain at the table at the start of a hand, while heads-up tournaments are popular at online poker sites.

With only one opponent to beat, competitors have a high chance of winning each hand regardless of what they are dealt and tend to play aggressively as a result. Similarly, with only one opponent needing to fall for your bluff, bluffing is more likely to be successful.

In August, the Taliban published laws of "vice and virtue" that prohibited women from being heard in public. Weeks later I went to Tirana in Albania to participate in the All Afghan Women (All Afghan Women) conference with the women who spoke about human rights abuses in the Taliban...

The Guardian reporter

Annie Kelly

The women spoke with the conference participants about how their lives had changed since the Taliban took control.

"It's really difficult to understand how much the Taliban changed the lives of half the population of Afghanistan since they took control three years ago", said Annie.

Michael Safi

"Coming from a position where women were encouraged during years to go to school, find work and get jobs in the police or judiciary.

"Within weeks of taking power, the Taliban banned all girls from school for more than 11 years. They closed universities for women and since then they have almost completely eliminated the paid employment of women; they have prevented women from going to public parks: they have closed any public space intended for women including beauty salons – introducing public punishment for crimes such as adultery."
