When betting on Spanish football many fans love to look at the La Liga title odds. This is a popular market because there is no way of knowing who will win the title at the start of the season. However, because of the nature of the Spanish league, many bettors have a strong clue as to who might win.

Usually the La Liga title race

comes down to a shoot-out between Madrid and Barca. Occasionally teams like Atl Madrid or Sevilla will challenge, but in reality this market is all about the big two. Because of that they odds are usually heavily weighted in Madrid and Barca's favour. But punters should keep an eye out for swings in the market as the season progresses.

When

betting on the La Liga title odds and other outrights such as relegation and top-six finish, it's always worth considering upcoming games. After all, these markets feature live football odds that fluctuate over the course of a season. The odds reflect each team's chances of succeeding in their particular market—so if Madrid suffer a defeat to

Barca in El Clasico then their title odds will likely widen.

When you bet on La Liga

outrights such as the title market, then look ahead to the next one or two rounds of fixtures to see how a team's league position might change. This will give you an understanding of whether or not their odds are likely to move in the coming weeks.
