I though I wish to highlight the important that it is normal to hide results from most, but if every once, has result. A month you did not win but you did not lose any money, it is not hidden. What should you shoulders take this situation. Somewhat I'm dissatisfied, I'm angry, do not do this! Do not run and hide your head in the sand, face it head on in this situation. In common! Be clear. So make up your mind and make some adjustments! All you have to do is, transfer down your parabola - simple habit but tricky. Think many people will be in agreement that has been smaller than that which is recommended, otherwise just take those ones and store. Why this blog, and they will never return. That would save it. Anybody knows the problem will go smoothly to the point where we have won twice and lost once., so that we've learned. What do we need to change here so that we can get a third win? I suggest start against small numbers here, amending our money management. As our principal weakness, we need to invest those few losses because, after all it is in reality. But the sharper your skills in this case, money management, the better it will cost you. Do not be shy with your feedback.

Os glaciares da Antártida e da Gronelândia estão derretendo rapidamente e mesmo que consigamos reduzir as emissões de carbono e limitar o aquecimento global a 2°C, não está claro se isso será suficiente para impedir o colapso dos glaciares. Medidas sugeridas:

- Instalação de cortinas ao redor dos pés dos glaciares
 - Perfuração de buracos através dos glaciares para drenar os fluxos de gelo da camada de gelo
