DO NOT USE THIS BOOKMAKER!!!! Awful, unhelpful, deceiving, scandalous. Just a few choice words I would use for this bookmaker! I placed a bet on a match, unbeknown to me, that Sportingbet was showing the incorrect match statistics (goals, corners, yellow cards etc) The score that Sportingbet showed to customers was in fact for a totally different football match(2-1 at half time). The correct score was actually 1-1 at half time after doing some research. After contacting customer support to tell them that they are posting the incorrect score and match events for the game (which led to me losing my first half bet) all I received was a reply saying that they are not responsible for the statistics they provide on their website and app (what the actual?????????) so they can basically post a load of nonsense and customers would never know. I did not even receive one apology, no refunded stake back, nothing. These guys are an absolute shambles and I would not recommend anybody using this bookmaker. STAY AWAY!

There are some unique features on the new app that make it really stand out from the crowd. Once you start navigating your way around you will find loads of solid tools, it's quick to place a bet and secure latest odds and when you win there is a super fast payout. This app is a game changer and guaranteed to leave competitors in its wake, would highly recommend.
