Hello! As Belgica, I'll be happy to help! I summarized the content into Portuguese, as requested:

Title: CBET Exam Dates - Everything You Need to Know

The CBET (Certified Biomedical Equipment Technician) exam is a certification that proves a professional's competence in maintaining and repairing biomedical equipment. The exam is offered by the Association for the Advancement of Medical Instrumentation (AAMI). There are two exam periods each year: May 1-15 and November 1-15. Candidates can choose any date and time within the 15-day period.

The CBET certification expires after five years, and to reactivate it, candidates must retake the exam. Biomedical equipment technology is constantly evolving, so keeping up-to-date with the latest technologies and techniques is crucial.

CBET is essential for biomedical equipment technicians, ensuring they can safely and efficiently maintain and repair medical equipment. The exam consists of 165 multiple-choice questions covering all aspects of the biomedical field. It's known to be challenging, with a 40% failure rate.

To become a successful CBET candidate, consider the following steps:

1. Study recommended textbooks on biomedical equipment maintenance and repair.
2. Participate in the 8-session CBET Study Course offered every first and second month of each semester.
3. Study with colleagues and join study groups.
4. Analyze past questions and answers to get familiar with the exam format and structure.
5. Go beyond the recommended study materials, including academic journal articles and recent research reports.

As a certified CBET professional, you'll stand out in your field, promote standardization, safety, and quality healthcare, and enhance your career opportunities.

Frequently Asked Questions:

1. How many questions are on the CBET exam?

The CBET exam consists of 165 multiple-choice questions.

2. How can I prepare for the CBET exam?

Study textbooks and participate in a CBET academic study course to enhance your skills.

3. Are international candidates eligible for the College of Biomedical Equipment Technology program?

Yes, international candidates are eligible to participate in the program.
