Guide: How To Come Up With A Slogan For Your Sports Promotion Business

Why Is Your Slogan Important?

Slogans are critical when doing any sort of marketing or advertising for your business.

Your slogan's role is to help the customer understand the benefits of your product/service - so it's important to find a catchy and effective slogan name.

Often times, your slogan can even be more important than the name of your brand.

Why?

Because your slogan has the ability to show your customer the type of commitment you have to them and also tells them exactly what your brand stands for.

So, let's dive into all of the critical pieces to coming up with a great slogan for your sports promotion business.

6 Tips For Creating A Catchy Slogan1.

Keep it short, simple and avoid difficult words

Similar to naming your business, your slogan should be short and simple.

A great rule of thumb is that your slogan should be under 10 words.

This will make it easy for your customer to understand and remember.2.

Tell what you do and focus on what makes you different

This is a very important piece - and a lot of brands miss the ball and explaining what it is that makes them unique and different from the next competitor.

There are a few different ways you can incorporate what makes your business special in your slogan:

Explain the target customer you are catering your services towards

What problem do you solve?

How do you make other people, clients or your employer look good?

Do you make people more successful? How?3.Be consistent

Chances are, if you're coming up with a slogan, you may already have your business name, logo, mission, branding etc.

It's important to create a slogan that is consistent with all of the above.

This will help when advertising your business and creating a powerful website.4.

Ensure the longevity of your slogan

Times are changing quickly, and so are businesses.

When coming up with your slogan, you may want to consider creating something that is timeless, and won't just fade with new trends.

Try to avoid using terms like "we are the only" and anything with the word "technology," because your statement could be contradicted at any moment.5.

Consider your audience

When finding a catchy slogan name, you'll want to make sure that this resonates across your entire audience.

It's possible that your slogan could make complete sense to your audience in Europe, but may not resonate with your US audience.

The confusion could be due to language barriers or cultural differences - so you will want to determine who your audience is, and how this could be perceived.

6.Get feedback!

This is one of the easiest ways to know if your slogan will be perceived well, and a step that a lot of brands drop the ball on.

Ask friends, family, strangers and most importantly, those that are considered to be in your target market.

Here's a few ways you can ask for feedback:

Ask for feedback on a Facebook group
Subreddits
Niche forums
Twitter communities
Meetups
Product Hunt

Test a few different slogan(s) on Facebook Ads and see what performs best

Ask a stranger at your coffee shop!
