Casumo Casino has been around for over a decade and has stood the test of time with ongoing promotions, an expanding games library, and a seamless mobile app that features the latest technology. The casino has over 2000 games, with a large section of the games lobby being dedicated to slots. In fact, if you want to try your luck with a jackpot slot, you'll find over 50 of these at Casumo Casino. There is also a decent selection of table games and over 30 live dealer games in case you're feeling more social.

Although the sign up offer is not the biggest we've ever seen, we think it's a fair bonus since it allows you to use the free spins on slots and the bonus cash on other casino games. Casushi Casino is a relatively new online casino that opened its virtual doors in 2024. Despite being around for less than 3 years, Casushi has already amassed over 800 games, with more being added regularly.

The online casino is home to hundreds of top-quality slots from noteworthy providers like Playtech, NetEnt, and IGT, alongside several exclusive slots, and the expansive live casino library is also worth an honourable mention, which is one of the best currently available in the UK. There are around 50 games, covering blackjack, roulette, poker, baccarat, game shows, and more.

The casino bonus is not very lucrative, but this is offset by the daily drops and wins promotions that give you the chance to win cash prizes. There are also weekly tournaments with the total cash prize of the tournaments going up to £1,000,000.

All this coupled with a great mobile-responsive site that is easy to use make Casushi Casino an online casino we certainly recommend.
