2-7 Triple Draw is a draw variant of poker and uses a lowball hand ranking system. In draw variants, players 7 may discard cards from their hand and replace them with cards from the deck.

The draw typically occurs before each betting 7 round and occurs three times in 2-7 Triple Draw hence the name "Triple Draw".

The easiest way of describing a

lowball 7 format is with the phrase "worst hand wins". This situation is not always the case since there are different ways 7 of measuring lowball hands.

The lowball hand

rankings used in Stud Hi/Lo and Omaha Hi/Lo are not the same as those 7 used in 2-7 Triple Draw.

Let's look at the full breakdown.

Table of Contents

The Basics: 2-7 Triple

Draw Hand Values

In some sense, 7 2-7 hand rankings are the easiest to learn because they are the complete opposite to Hold'em.

The worst hand in Hold'em 7 is 2,3,4,5,7, but it makes the nuts in 2-7 Triple Draw.

2-7 Hand Rankings Quick Breakdown:

- Worst hand (in Hold'em) wins.

- Straights 7 and flushes count against our hand.

- Aces are always

high!

A,2,3,4,6 is also not a great hand because the Ace must 7 always be treated as

high. 2,3,4,5,7 hence beats A,2,3,4,6. This is where the variant gets its name, Deuce to

Seven. 2,3,4,5,6 7 would be a six-high straight and, hence, not a good hand from a 2-7 Triple Draw perspective (complete garbage in 7 fact). Straights and flushes count against our hand. However, A,2,3,4,6 is not complete garbage since it still beats any hand 7 with a pair or higher (worse).

The Basics: How to Make Hands in 2-7 Triple Draw

Making hands

in 2-7 Triple Draw 7 is more straight forward than in most other poker variants.

Players

always have precisely five cards in their hand at any 7 given moment. We do not need to worry about combining hole cards with community cards like we do in games 7 such as Omaha and Hold'em.

Our hand is always the exact five cards we have in front of us.

Blinds

Before any cards 7 are dealt, the blinds must be posted. The small blind and big blind are posted by the player directly to 7 the left of the button, and the player two to the left of the button respectively.

2-7 Triple Draw is identical 7 to Hold'em and

Omaha in this respect.

Pre-draw

We no longer use terms such as "preflop" and "flop" when discussing draw games. 7 The word "flop" implies community cards and draw variants don't typically make use of any community cards.

There are four betting 7 rounds in 2-7

Triple Draw we use the terms "pre-draw" and "post-draw" to help us distinguish between them. (Post-draw being any 7 betting round occurring after the initial draw.)

Each player

is dealt 5 cards face down. The pre-draw betting round starts with 7 the player to the left of the big blind and proceeds in a clockwise direction.

The Draw

Once all the pre-draw betting 7 is complete, players now decide which of their cards they would like to discard.

Players can discard any number of their 7 hole cards, including all five. If players wish to keep their current selection of five cards, they have the option 7 to "standpat" which means to draw nothing.

Starting with the small blind and proceeding in

a clockwise direction, players announce how 7 many cards they are discarding and draw the equivalent number of cards from the deck.

If (in the rare occurrence that) 7 the deck

runs out of cards, the discard pile can be reshuffled and treated as a fresh deck.

Post

Draw

There are 7 now three additional betting rounds, two of which are followed by an opportunity to draw.

The third of these three post-draw 7 betting rounds will be followed immediately by Showdown. Confused?

Don't worry, here is a quick map of the entire structure -

Posting 7 of blinds

The Deal

Pre-draw betting round

Draw 1

First post-draw
betting round.

Draw 2

Second post-draw betting round.

Draw 3

Final betting
round

Showdown

In a manner identical to 7 Omaha and Hold'em, post-draw betting rounds start with the player in the small blind (or whoever is remaining immediately left of the button). The pre-draw round starts with under-the-gun (with big-blind acting last).

The betting rounds in 2-7 Triple Draw follow an identical structure to other Triple Draw formats such as Badugi.

The Showdown Once the post-draw betting action is over, players reach Showdown. Players reveal the strength of their five-card hand and the pot is awarded to the strongest (lowest in this context) hand.

2-7 Triple Draw

Betting Actions

The betting options are identical in the majority of poker formats.

Here is a quick recap of the legal options -

BETTING OPTION USAGE Check Action

passes to our left without us making a wager. Can only be used if there is no existing bet in the current betting round. Bet We make the first wager in the current betting round. Other players must at least match our bet or be forced to fold. Fold There is an existing wager in the current betting round, and we decide not to match it. Folding means to give up and forfeit all right to win the pot. Call There is an existing wager in the current betting round. To "call" means to match that bet exactly and continue with the hand. Raise There is an existing wager in the current betting round, and we decide to increase the size of that wager. The original better must at least match the size of our raise or be forced to fold. Re-raise A player has already raised on the current street, and we elect to raise again. Any raises after the initial raise are described as "re-raises".

Additional Considerations

It's essential to keep in mind that drawing additional cards carries the possibility of making our hand significantly worse. A decent low hand could end up picking up a pair or being turned into a straight/flush.

Although drawing may still make our hand worse in a variant such as 2-7 Triple Draw, it will usually only make the hand slightly worse (i.e. discarding a kicker and drawing an inferior one).

Drawing can sometimes entirely destroy our hand in 2-7 Triple Draw. If there is already a decent chance that we are head (usually based on the number of cards our opponent is drawing), it may not be correct to draw to a better low and risk damaging our hand.

On the other hand, if our made low is unlikely to be good (based on our opponents' actions), we can "break" our hand and redraw for something better.

2-7 Triple Draw is primarily played with a fixed limit betting structure. The allowable bets on each street are identical to fixed limit Hold'em. Both games have four betting rounds and allow players to double the size of their bet on the last two betting rounds.

However, in recent times, no limit 2-7 Triple Draw has become popular among higher stakes players 7 online. Read here our story about 2-7 triple draw.

Florida implementa proibição de 6 semanas de abortion, impactando o Sudeste dos EUA

Uma proibição de 6 semanas de abortion entrou em vigor ontem (2 de abril) na Florida, cortando o acesso ao procedimento antes de muitas pessoas saberem que estão grávidas e instituindo a última fortaleza de direitos de abortion no Sudeste dos EUA.

A proibição entrou em vigor dias após o Supremo Tribunal da Florida emitir uma decisão que abriu caminho para sua implementação. Agora, estritas proibições abrangem todos os estados do Sul profundo, aumentando a tensão nos poucos abortórios restantes do país. A clínica mais próxima para a maioria dos floridianos com gestação acima de 6 semanas está agora em vários estados de distância, no Carolina do Norte, que proíbe o abortion após 12 semanas de gestação.

Impacto na Florida e no Sudeste dos EUA

Em 2024, provedores de abortion na Florida realizaram mais de 84.000 abortos, conforme dados estatais – incluindo mais de 9.000 para pacientes de fora do estado, segundo o Instituto Guttmacher, que monitora restrições ao abortion. Aproximadamente 60% dos abortos na Florida ocorrem após 6 semanas de gestação.

Antes da proibição de 6 semanas, Kristin, diretora da clínica Bread and Roses Women's Health Center, disse que raramente viam pessoas antes de chegarem a 6 semanas de gestação.

"A maioria das pessoas não sabe que está grávida até pelo menos 6 semanas", disse Kristin em entrevista na semana que antecedeu a proibição. (Em virtude de preocupações com a privacidade, assim como outras pessoas da clínica, Kristin pediu ser identificada apenas pelo primeiro nome.) "Tentamos fazer as pessoas entrarem o mais rápido possível, mas, às vezes, estamos agendadas por uma ou três semanas, então é raro que alguém entre antes de estarem com 6 semanas."

Em comparação com 2023, houve quase 9.000 abortos a mais na Florida em 2024. Os pacientes de outros estados representaram quase 60% desse aumento, de acordo com o Instituto Guttmacher.

A clínica Bread and Roses costumava atender 20 a 30 pacientes diariamente, mas em abril, a clínica começou a ver mais próximo de 40 pacientes por dia, disse Kristin. A clínica tende a ver entre 3 a 10 pacientes de outros estados todos os dias, ela disse.

"Conforme os estados caíam, nós tínhamos visto um aumento maior de pacientes de outros estados", disse Kristin.

Kristin recusou-se a dizer de onde os pacientes da clínica estão vindo, exceto para dizer que abrangem o sudeste.

Proibição em novembro e perspectiva do voto

Além de a decisão de permitir que a proibição de 6 semanas entre em vigor, o Supremo Tribunal da Florida – dominado por juízes nomeados pelo Partido Republicano – aprovou uma emenda à constituição de novembro para acolher o direito ao abortion na constituição do estado. Se a emenda for aprovada, a proibição de 6 semanas será declarada inconstitucional e o abortion será legal até a viabilidade, aproximadamente 24 semanas de gestação.
