Introduction

Oasis Poker (sometimes incorrectly referred to as Caribbean Stud Poker or Caribbean Poker, which is a different game) is a 3 casino poker game, meaning that it's derived from classic player vs player poker, but instead the player plays against the 3 house. Oasis Poker is a derivative of Caribbean Stud Poker that allows the player to discard undesirable cards to receive 3 a replacement. Oasis Poker is played with a standard 52 card deck.

We are aware of Oasis Poker being offered at 3 Net Entertainment, Betsoft, GameSys and Galewind casinos.

Play Structure

Initially the player places an

'Ante' wager and the dealer will deal out 3 5 cards to the player and themselves. All but one of the dealers cards are dealt face down (often referred 3 to as 'Hole' cards). The player then has to make the decision to either Fold their hand – losing their 3 Ante wager – discard up to 5 cards or 'Call'. Where the player chooses to discard cards they will be 3 charged a fee equal to the Ante bet for each card they exchange. This fee is not a bet and 3 will not be returned regardless of the outcome of the hand. If the player chooses to Call – either before 3 or after discarding cards - they have to place a bet twice the size of the Ante wager then the 3 dealer's hole cards are revealed and the hands are compared.

Hand Comparison

Oasis Poker ranks hands according to a hierarchy common to 3 poker games which is explained below (strongest to weakest);

* Royal Flush –

The Ace, King, Queen, Jack and Ten cards 3 all of the same suit.

* Straight Flush – five

numerically adjacent cards of the same suit (Example – 4, 5, 3 6, 7 and 8 of Diamonds). Where both the player and dealer hold a Straight Flush the hand with the 3 highest card is considered the winner.

* 4 of a Kind – four cards of matching rank (Example - 7 of

3 Hearts, Clubs, Diamonds and Spades). Where both the player and the dealer hold 4 of a

Kind the hand with 3 the higher rank is considered the winner.

* Full House – three cards

of the same rank and two cards of 3 a different but matching rank (Example – 8 of Hearts, Clubs and Diamonds and Jack of Spades and Hearts). Where 3 both the player and dealer hold a Full House, the hand with the higher rank 3 of a Kind is 3 considered the winner.

* Flush – five cards of the same suit (Example – Ace, 8, 5, 2 and Queen of 3 Spades). Where both the player and dealer hold a Flush the hand with the highest card is considered the winner. 3 Where the highest card is matched the second highest is consider and so on.

* Straight – five numerically adjacent cards 3 ignoring suit (Example – 7 of Spades, 8 of Spades, 9 of Clubs, 10 of Diamonds and Jack of Diamonds). 3 Where both the player and dealer hold a Straight the hand with the highest card is considered the winner.

* 3 3 of a Kind – three cards of the same rank with 2 unmatched cards (Example – 9 of Spades, Clubs 3 and Hearts with any two other cards that are not the 9 of Diamonds or a matching pair). Where both 3 the player and dealer hold a 3 of a Kind, the hand with the higher ranked 3 of a Kind 3 is considered the winner.

* Two Pairs – two

sets of two cards of matching rank with one unmatched card (Example 3 – 4 of Clubs and Hearts, 8 Clubs and Spades and a fifth unmatched card). Where the player and dealer 3 both have two pairs, the hand with the highest pair is considered the winner. If both hands have matching top 3 pair, the higher of the two lower pairs is considered the winner. Where both pairs are matched, the hand with 3 the higher 'Kicker' (final unmatched card) is considered the winner.

* Pair - two cards of matching rank with

three unmatched 3 card (Example – 6 of Clubs and Hearts and any three other cards that are not the six of Spades 3 or Diamonds and are not of matching rank). Where the player and the dealer hold a matching pair, the hand 3 with the highest Kicker card wins. If the Kicker also matches, the hand is decided by the second Kicker then 3 the third if the second Kickers also match.

* High Card – any five unmatched cards ranked as the highest

card 3 (Example – 5 of Spades, 9 of Clubs, 7 of Clubs, 2 of Hearts and Ace of Diamonds would be 3 considered 'Ace High').

In the instance where both the dealer and player have

hands of matching value by the above table 3 the hand is considered a push and the player's bets are returned.

Payouts

As with many other poker based casino games, there

3 is a qualification hand for the dealer to play. As such payouts vary depending on whether the dealer qualifies or 3 not. The dealer qualifies if their hand is Ace/King or better.

If the player loses all bets placed are lost. If 3 the player Folds they lose their Ante bet. If the player wins payouts are decided as follows;

* If the player 3 wins

and the dealer does not qualify the Ante bet is paid out at 1 to 1 while the Call 3 bet pushes.

* If the player wins and the dealer does qualify the Ante bet is paid at 1 to 1

3 and the Call bets is paid according to the following payable;

Hand GameSys Payout*

Payout Royal Flush 100 to 1 100 3 to 1 Straight Flush 50 to 1 50 to 1 Four of a Kind 26 to 1 20 to 1 3 Full House 8 to 1 7 to 1 Flush 5 to 1 5 to 1 Straight 4 to 1 4 3 to 1 Three of a Kind 3 to 1 3 to 1 Two Pairs 2 to 1 2 to 1 3 Pair 1 to 1 1 to 1 Ace/King 1 to 1 1 to

1 House Edge XXX 0.47%

* This paytable 3 is only used on the 'Without House Edge' version of Oasis Poker. It should be noted that when playing the 3 Without House Edge games that the house take a 10% cut of any winnings at the end of the session.

Alternative 3 Discard

Rules

Galewind software offer an alternative discard rule. Instead of being charged a full Ante bet for each card discarded 3 the charges for discarding different numbers of cards are as follows;

Number of cards discarded Cost 1 1xAnte 2 2xAnte 3 3 3xAnte 4 2xAnte 5 1xAnte

With this rule Galewind software also make an adjustment to the Call bet paytable;

Hand Payout Royal 3 Flush 100 to 1 Straight Flush 50 to 1 Four of a Kind 20 to 1 Full House 6 to 3 1 Flush 5 to 1 Straight 4 to 1 Three of a Kind 3 to 1 Two Pairs 2 to 3 1 Pair 1 to 1 Ace/King 1 to 1 House Edge 0.55%

Jackpot Bet

The GameSys, GamesOS and

Galewind software Oasis Poker 3 games also offer a side bet referred to simply as the 'Jackpot' bet. This side bet is optional but if 3 the player chooses to place the Jackpot bet it costs R\$1 and the results are based only on the player's final 3 hand (after any discard/replacements). The payouts for the Jackpot bet are provided below;

Hand Hand

Probabilities GameSys* GamesOS Galewind Royal Flush 3 0.00000153908 1000 1000 Jackpot
Straight Flush 0.0000138517 500 500 10% of Jackpot Four of a Kind 0.00024 200 200 500
3 Full House 0.001441 70 100 100 Flush 0.0019654 50 60 50 Straight 0.003924646 40 40 3 of
a Kind 0.021128451 3 25 Jackpot Range NA NA 25000-110280* Break Even Value NA NA
218009.7

House Edge 3.05% 51.69% 31.50%-56.44%*

* This paytable is 3 used for both the normal and 'Without House Edge' versions of Oasis Poker at GameSys casinos.

**The Galewind website

lists the 3 theoretical minimum House Edge for the Jackpot bet as 24.04% which would equate to a Jackpot size of R\$135793.56. Our Jackpot 3 range is based on the reset value and the maximum value we've seen.

Calculating the House Edge and Break Even value 3 for the Jackpot Bet

It is possible calculate the House Edge and break even value for any jackpot value at the 3 Galewind game simply by using the Hand Probability figures.

To

calculate the House Edge we multiply the Paytable values by the 3 probabilities, sum the results and subtract the remaining possibilities. So if we have a Jackpot value of 94000 the calculation 3 would be as follows;

$$94000 \times 0.00000153908 + 9400 \times 0.0000138517 + 500 \times 0.00024 + 100 \times 0.001441 + 50 \times 0.0019654 - (1 - (0.00000153908 + 0.0000138517 + 0.00024 + 0.001441 \times 3 + 0.0019654))$$

$$0.14467352 + 0.13020598 + 0.12 + 0.1441 + 0.09827 - (1 - 0.00169639)$$

$$0.4309795 - 0.9998303609 = -0.3626$$

So the House 3 Edge for this Jackpot size

is 36.26%

House Edge*

The House Edge of Oasis Poker using the standard paytable and

across the 3 full round of wagering (Ante bet, Discard fees and Call bet) and assuming that the player plays using the optimal 3 strategy discussed below is 0.47% and Net Entertainment casinos and 0.55% at Galewind casinos. If the player does not play 3 optimally this figure will rise.

The House Edge of the Jackpot bet is dependent on the payable the casino is using 3 and the size of the Jackpot, but our observations places the House Edge value between 31.50% and 56.44%.

For further information 3 regarding the house edge for both the main game and the Jackpot bet see Beating Bonuses (<http://beatingbonuses/oasis.htm>).

Optimal Strategy

The most important 3 aspect of correct strategy while playing Oasis Poker is not to play the Jackpot side bet unless it is over 3 the breakeven values listed above. As the Jackpot theoretically should never exceed the breakeven point this means the player should 3 never play the Jackpot bet. Even if the Jackpot value was above the breakeven value you should be aware that 3 this bet has an extremely high variance and it's highly unlikely that the regular player will ever hit the Jackpot, 3 meaning that realistically the regular player will be playing with a far higher house edge.

The Optimal Strategy for Discard decisions 3 when playing Oasis Poker is relatively straight forward. Unlike Video Poker games the fee for replacing cards makes discarding a 3 poor choice except in a small number of situations, namely;

- When the player holds four cards of a Royal or 3 Straight Flush and their hand is not a Straight or a Flush. (Discard the one non-Royal/Straight Flush card)

- When the 3 player holds four cards of a Flush and does not have a Pair. (Discard the one non-Flush card)

- When the 3 player holds four cards to an Outside Straight* and does not have a Pair. (Discard the one non-Straight card)

This strategy 3 can be improved on with a little added complexity be discarding;

- When the player holds four to a Flush with 3 a 22 through 66 pair and the dealer's upcard is of higher rank than the pair. (Discard the one non-Flush 3 card)

- When the player holds four to an Outside Straight* with a 22 or 33 pair and the dealer's upcard 3 is of higher rank than any cards the player holds. (Discard the one non-Straight card)

- When the player holds four 3 to an Inside Straight* without a pair and the highest card of the Straight is 10 or more with the 3 dealer's upcard of lower rank than any card in the Straight.

* An 'Outside'

Straight is four cards that are numerically 3 adjacent meaning that two different cards would create a Straight (i.e. 6, 7, 8, 9). An 'Inside' Straight would be 3 four cards that could make a Straight with a gap in between meaning only one card rank could complete the 3 Straight (i.e. 3, 4, 6, 7).

The above is only the strategy for the Discard decision.

For the Fold/Call decision the decisions 3 are similar to Caribbean Stud Poker and as such are too complex for all but the most dedicated player to 3 memorise. A simplified version of this strategy would see the player Call with any hand of Ace/King/Jack/8/3 or better. This 3 results in a house edge 0.1% higher than the full optimum strategy. For full Optimum Strategy you can use our 3 Strategy

Calculator;

Fairness Calculator

Below you can find a calculator to allow you to check the fairness of your wins/losses when playing 3 Oasis Poker.

*This fairness calculator

will assume that you've been playing with the optimal strategy detailed above. If you have not 3 then the calculator will NOT return accurate results.

Winning

Strategies

Offline

Hole Carding, Steering or Sorting

Unlike Blackjack the techniques

used to gain an 3 advantage over the game of Caribbean Stud Poker in the offline environment are not nearly so widely discussed. Gaining information 3 on dealer's hole cards – be that via edge sorting, steering or hold carding – can produce a player advantage 3 as long as the information is used to alter the player's strategy. Even with information on up to two of 3 the dealer's hole cards and an optimised strategy the player still has a substantial disadvantage (nearly 2%) so you need 3 to have knowledge of at least 3 of the dealer's hole cards before this is a worthwhile game. With perfect 3 knowledge of all four dealer hole cards the strategy is trivial – Call, any winning hand or hand where the 3 dealer will not qualify – though it may be worth playing some losing hands to avoid unusual/suspicious folding decisions where 3 you hold a strong hand. With knowledge of only three hole cards or imperfect knowledge of four cards the strategy 3 is more complex.

The rarity of being able to obtain information on 3 or more

of the dealer's hole cards and 3 the high skill level involved ensure that only the most diligent of professional players are ever likely to come across 3 this information and it should be emphasized that the risks involved in gaining less than perfect information are likely to 3 be substantial.

The best source of information on how best to play with

additional information can be found in James Grosjean's 3 'Exhibit CAA: Beyond Counting'.

The author provides the full and correct Optimal Strategy for Caribbean Stud Poker for each of 3 the different scenarios where additional information can be gathered. This book is widely considered the Bible for the professional player 3 and as such is not a worthwhile investment for anyone other than a full time professional Advantage Player (not to 3 mention it requires a professional reference to obtain).

Optimum Strategy and

Sharing Hand Information

Offline the rules of Oasis Poker prohibit players 3 sharing

information about their hands. Online it's certainly possible to share hand information if a multi-player tables could be found 3 without the casino being aware of it. However given the prohibited nature of this activity in the offline game we 3 would not like to comment on the ethics of engaging in such activities. As such the following information is for 3 use at the player's own risk – we do not encourage players to share information while playing Oasis Poker. We're 3 also not aware of any multi-player options in the online environment and include this information simply due to the easy 3 modification from Caribbean Stud Poker.

While the House Edge of Caribbean Stud Poker cannot be

reduced enough to give a player 3 advantage without more hands being played than we are aware of being available online (at least 7 hands), given that 3 the Discard decision substantially reduces the overall House Edge of the game, it may be possible to gain a Player 3 Edge at Oasis Poker if enough additional hands are known.

According to James

Grosjean you would need to have information on 3 a full 7 hands and the dealer's up card (36 cards in total) alongside a playing strategy optimized to the 3 additional information to gain an edge of 2.374% over the house. 6 or less hands and the house retains the 3 edge. Even with complete information the strategy required to obtain this edge is far too complicated for human application. Grosjean 3 has developed a count system that couple be feasibly applied by a team of human players that achieves a player 3 advantage of 1.34%. We have neither the desire, the inclination, nor the permission to republish the details of this count 3 system, but interested parties should look to get hold of Grosjean's book 'Exhibit CAA: Beyond Counting'. It should be stated 3 that the opportunities for application of this system are extremely rare and very likely not worth the effort for anyone 3 but the most dedicated professional player.

In the Optimal Strategy section of this article you will find our 'Strategy Calculator'. This 3 calculator has an option to generate the Optimum Strategy when additional cards are known. Simply check the 'Enter Additional Removed 3 Cards From Deck' option and AFTER you've entered your hand and the dealer's upcard, click on the cards that you 3 are aware of.

Online

There are several methods of legitimately gaining an advantage playing online Oasis Poker games. By and large these 3 involve the use of promotions, bonuses and comp point systems as the games by themselves – assuming the game is 3 functioning in a correct fashion and there are no errors in the paytable – will not provide any additional information 3 about the cards and shuffles after every hand.

It should be

noted that online advantage play is not specific to Oasis 3 Poker and in recent years the wagering requirements for player's choosing to play any table game has inflated to the 3 point that Oasis Poker is now often a sub-optimal choice for the player. For more information on beating online casinos 3 see BeatingBonuses.

E-mail:

"Desculpe-me, companheiro. Importas de ficar atento às minhas coisas enquanto eu estou no banheiro? Por favor?" Normalmente se encontra com uma amigável "certeza". Desta vez já estava me voltando para ir quando meu colega viajante - o homem branco da classe média alta código mrjack bet um terno na tira do alfinete disse: "Na verdade...

Há um contrato na sociedade educada: geralmente, se bem perguntados nós fazemos coisas uns pelos outros. É uma surpresa quando isso desmoronar-se

Como pregador, raramente me perdi por palavras mas nesta ocasião simplesmente repeti o que ele disse com um ponto de interrogação sem compreensão no final: "Não é confortável?!" Ele se manteve firme. Bem... Quando uma estranha pede para eu cuidar do pacote não identificado isso deixa-me nervoso sim."

Ele negou vigorosamente que minha raça tinha qualquer influência sobre o assunto, mas eu não acreditava nele - e nem pareceria ser a única testemunha do incidente. Quem me deu um sorriso simpático quando fui para casa de banho? O qual estava naturalmente comprometido; Mas enquanto esperava por ele se tornar livre fiquei tão estranho como aquele homem ainda estivesse código mrjack bet seu lugar: Se realmente pensasse no meu lado terrorista ou porque é mesmo assim...

Voltando para o meu lugar, eu brinquei com a ideia de fazer deste um "momento ensinável": ajudá-lo ver as irracionalidades da código mrjack bet posição e os possíveis preconceitos inconscientes por trás dele. Mas uma vez lá me contentei código mrjack bet ter que voltar ao livro depois do balanço passivo agressivo... E então aconteceu isso!

Antes de ler uma palavra, o homem inclinou-se e disse: "Quero pedir desculpas profusamente; sobre reflexão aquilo que eu dizia era bastante incarnável. Mas como alguém costumava trabalhar no contraterrorismo tenho um grau literal código mrjack bet paranoia..."

Bem, como John Travolta código mrjack bet Pulp Fiction. Acredito que "uma vez um homem admite estar errado e imediatamente perdoado por todos os erros" (e acho também Jesus disse algo nesse sentido). Então sem hesitação apertei com entusiasmo código mrjack bet mão para agradecer-lhe pela humildade dele francamente humilde; desculpas sinceras são raras no mundo de hoje... mas essa velocidade é realmente notável se você fizer isso ou reconciliar alguém! Então tivemos uma conversa muito interessante sobre o problema código mrjack bet curso do terrorismo islâmico e a crescente ameaça da extrema direita, antes de trocar detalhes.

Apenas um instantâneo da vida como ela é e poderia ser, mas eu estava positivamente andando no ar enquanto mudei código mrjack bet Waterloo para compartilhar essa história de restaurar-fé na humanidade nas minhas redes sociais. Obtendo mais "curtidas" do que qualquer coisa antes postada Eu acho isso numa época sem precedentes divisão social neste país - exemplo real dos dois estranhos não apenas resolvendo conflitos potenciais...

Nem todo mundo viu assim. O único comentário vagamente negativo que recebi foi de um dos meus conhecidos mais direitistas, "anti-acordado" (como etoniano antigo anarcopunk velho ex anarcho convertido código mrjack bet uma igreja pentecostal mas agora habita o liberal da Igreja Anglicana na Inglaterra com os níveis inferiores do circuito cômico britânico eu tenho vários amigos). Ele me perguntou claramente se

E-mail:

também se desculparam; por, efetivamente chamar o homem de racista...

Um colega padre saltou código mrjack bet minha defesa, sugerindo que a aceitação graciosa de seu pedido tinha cumprido mais do meu dever moral; uma absolvição tácita após confissão explícita. Mas fui desafiado pela pergunta: Eu definitivamente atribuí um motivo para o companheiro viajante contemporâneo por causa da evidência não ser apoiada pelo fato dele ter sido cego ao preconceito inconsciente e presumir-me como alguém no processo das franjas teve problemas com pessoas marron quando ele era apenas melhor informado sobre as táticas

terroristas (de facto)?

Meu amigo anti-acordado provavelmente chamaria minha posição de "racismo reverso", mas eu realmente não acho que isso seja uma coisa. Como o comediante Amer Rahman descreve código mrjack bet código mrjack bet fantástica rotina sobre esse assunto, é como se - as pessoas brancas Não foram oprimidas por centenas de anos! E dada a história recente aqui da retórica e ações racistas flagrantemente hiperóticas é pouco surpreendente quem está um tanto nervoso: Compreensíveis também são aqueles negros...

Então, talvez aqui seja o momento ensinável: ambos fomos acionados mas conseguimos o gatilho detonar. Eu decidindo não discutir com ele; Ele refletindo sobre seu comportamento e se desculpar rapidamente Talvez eu

E-mail:

Se lhe pedirmos desculpa quando nos encontramos para aquela bebida, talvez devêssemos andar uma milha no lugar dos outros.
