Live roulette online cannot be played in demo mode as it includes real croupiers and real players, you can only play for real money. Australian players can find reviews of the best live dealer roulette games on our site and easily choose the games that suit them best. The live version of roulette can offer multiplier payouts, allowing you to win hundreds of times your stake. So not only are they more immersive, but they also offer a more exciting experience. However, since you will be using real money, we recommend that you practice in demo games first so you can figure out which variant suits you better and which strategy works (or doesn't) without any risks.

With

very rare exceptions, none of the roulette games (3D or live) on a casino site are developed by that casino. They are either developed by a software company or broadcast live by a studio. Casino sites offer their games to their members in cooperation with these developers and studios. It is possible to create another classification depending on who developed the roulette games because how good the developer directly affects the quality of the game. In this regard, we believe that the best games for playing online roulette in Australia come from the following studios:

VIVO Gaming VIVO is a live

roulette studio with multiple EGR, SBC, SIGMA, and GA awards. It broadcasts live from eight different studios in countries such as the Philippines, Georgia, Uruguay, and Colombia and uses impressive technologies such as chroma key broadcasting. Its collection includes four basic roulette variants: European, Spanish, Auto, and French.

Atmosfera This is a provider with its TV host academy and develops live versions of all table games, including roulette. Auto Roulette and Euro Roulette are the most remarkable games in its collection. All its games are above a certain level of quality as Atmosfera has its own studios and trains its dealers. Although it is a new provider established in 2024, Atmosfera has achieved significant success in a short time.

Evolution Gaming Evolution is the largest live roulette studio in the industry, streaming 24/7 in HD quality from US & European studios. It was founded in 2006 and has more than 100 games in its portfolio. Some of these are quite famous, such as Lightning Roulette and Immersive Roulette. Another live game developer, Ezugi, is a brand owned by Evolution.

Lucky Streak This studio was founded in 2014 and has three different live roulette games in its portfolio: Europe, Auto, and Dual Play. You can place call bets (racetrack bets) in all its games and check the results of the last 100 spins using the "history" feature. Some of its games are fast enough to complete 60 rounds per hour.

Classification by betting limits

Online roulette tables have two different

limits: table and betting limits. The first shows what are the lowest and highest stakes accepted at that table. The second determines what the minimum and maximum wagers will be based on the type of bet. (For example, for straight bets, a higher limit can be set than the table minimum.) In any case, it is possible to create another classification for roulette games based on these values: low-stakes games and high-stakes games. The former caters to regular players and the latter to gamblers who play with big wagers, known as "high rollers." High stakes roulette online Both the table and betting limits of these games will be high. It is not possible to give an exact value here, but we can consider games with a minimum limit of 200 AUD as "high roller". However, this will vary in each casino: you may even find tables that require you to wager a minimum of 1,000 AUD to participate in the game. High-stakes games are still regular roulette, meaning the rules, betting options, and chances of winning do not differ. They are only played with larger wagers and, for the same reason, pay larger. However, if you lose, your losses will also be greater.
