DOHA, Qatar — The Lionel Messi-Diego Maradona debate has never been all that rational. It has reappeared ahead of Sunday's 2024 World Cup final, with Messi one step away from clearing the hurdle that Maradona memorably did in 1986. And if the debate were a rational one, the current framing would be this: Messi could settle it once and for all with a win over France, because, for now, for at least one more day, a World Cup title is the lone accolade that Maradona had and Messi still doesn't.

In every single other category, the comparisons are borderline absurd. Messi could finish his career with three times as many goals as Maradona and four times as many trophies. Some of those gulfs are products of era and opportunity, but Messi has essentially replicated Maradona's fleeting peak and sustained it over 15 stunning years. He is peerless.

Yet there are fans, especially older Argentines, who will argue that Messi won't — and can't — ever match their original soccer God.

Because the debate has always been influenced by who Maradona was and who Messi is, and what they represent, not solely by what they've done.

Maradona was a son of the barrios, a kid from Argentina's suffocating slums who outran poverty toward greatness. He was flawed, terribly flawed, and struggled with a drug addiction that ultimately derailed his career — but millions of Argentines identified with the struggle. When he won it, temporarily, and lifted his countrymen with him to World Cup glory, they deified him.

By the time Messi arrived on their television screens in the early 2000s, Maradona was an unmovable legend. Messi, meanwhile, was an unknowable kid who left behind a lower-middle-class existence in Argentina for greener pastures in Spain at age 13. Whereas Maradona was brash and brutally charming, Messi was introverted, clean-cut and unemotional. He was almost alien, and no matter how hard he tried to maintain connections to his Rosario roots, the only way he could prove to Argentines that he was one of them was to win something for them.

And for years, he couldn't.

For the first decade of his international career, Messi underperformed for his national team. His failures have been overstated — he has, after all, broken just about every Argentina goalscoring record, and almost tripled Maradona's total — and many weren't primarily his fault. The Argentine soccer federation was a mess; his coaches (including Maradona) were incompetent; his teams were incoherent. But none of that mattered to Maradona in '86; he dragged a sub-elite team to a title. Messi, consumed by public pressure to do likewise, often wilted on similar stages.

And there was Maradona, still a prominent figure in Argentine soccer, ready to pounce and punctuate widespread Messi criticism.

"We shouldn't deify Messi any longer," Maradona said in 2024. "He's a great player but he's not a leader. It's useless trying to make a leader out of a man who goes to the toilet 20 times before a game."

All the while, though, Messi did things at Barcelona, at the highest level of club soccer, that mortals could never dream of. He won the Ballon d'Or — his first of seven and counting — by the widest-ever margin at age 22. He scored 91 goals in a calendar year (Maradona never scored more than 60). He won Champions Leagues (Maradona never won the European Cup). He scored and assisted at ridiculous rates, from multiple positions, in multiple competitions, with a rotating cast of characters around him, with dizzying darts and superb technique and dashes of brilliance, from his teenage years to the present.

"Messi is Maradona every day. For the last five years, Messi has been the Maradona of the [1986] World Cup," Jorge Valdano, who won that World Cup alongside Maradona, said in 2013. And he's been, at worst, almost as good over the nine years since.

"Messi is at the level of the best Maradona," César Menotti, who managed Argentina to the 1978 World Cup title, said in 2014.

Messi is, to most rational analysts, the best soccer player ever — the most talented, and the most accomplished. Both the eye test and numbers leave little room for doubt.

But he will never have the primacy effect that Maradona did.

He will never score an infamously devious goal and a "Goal of the Century" to win a World Cup quarterfinal against a nation, England, who'd recently defeated Argentina in a disastrous war.

He will never forge such an intimate relationship with his people. There is a reason that Maradona's face shows up more frequently than Messi's on flags and banners that Argentine supporters have brought here to Qatar. There is a reason that "Diego" appears three times in the anthem that has become Argentina's unofficial 2024 World Cup soundtrack.

"From the sky we can see him," fans sing, "along with Don Diego and La Tota [Maradona's parents], rooting for Lionel."

Messi's 2024 run has captivated Argentina in its own right. Together with last year's Copa America — which Maradona never won — it has turned most Argentine skepticism into undying love. And if it ends in a World Cup title, it will crystalize Messi as the greatest of all time, the GOAT.

But still, for some, it won't put him on par with Maradona. Nothing can.

Ayrton Senna: 30 años de su partida y su legado en la Fórmula 1

Han pasado 30 años desde la trágica muerte de Ayrton Senna en el Gran Premio de San Marino el 1 de mayo de 1994, pero la fascinación por el enigmático piloto brasileño sigue siendo casi tan fascinante como siempre lo fue en la pista. Su muerte, a los 34 años, amargó el prematuro final de una carrera fascinante y una tragedia que privó a la Fórmula 1 de una de sus personalidades más cautivantes. Su legado permanece, sintiéndose agudamente en el deporte y más allá.

Un fin de semana trágico en la F1

Senna conducía para Williams en Imola. Ya había ganado tres títulos y era reconocido como el talento predominante de una generación repleta de grandes pilotos antes de uno de los fines de semana más desafortunados en la historia de la F1. Durante la primera sesión de clasificación del viernes, su compatriota brasileño Rubens Barrichello sufrió un gran accidente que lo dejó inconsciente. Luego, en las clasificaciones del sábado, el austriaco Roland Ratzenberger murió cuando se estrelló en Villeneuve.

La carrera continúa, la trágica muerte de Senna

La carrera continuó y en la vuelta 7, Senna se salió en Tamburello, estrellándose contra el muro a 145 mph. Fue trasladado al hospital, pero fue pronunciado muerto poco después. El choque reverberó a través del deporte.

El talento y el legado de Senna

Gran Bretaña's Johnny Herbert competía para Lotus ese día y había conocido y compartido pista con Senna durante mucho tiempo, ya que los dos habían competido en karts. "Su conjunto de habilidades era muy raro", dice. "Tenía la habilidad de hacerlo en clasificación, en una carrera, en mojado o seco, y este don increíble de obtener el máximo provecho del equipo que tuviera, sea bueno o malo.

"Eso lo hizo muy, muy especial y es por eso que todavía estamos hablando de eso hoy, lo que es increíble."

Mucho se ha hablado de cómo Senna aplicó este talento, que junto con la extraordinaria habilidad era peligrosamente inflexible, una disputa que aún resuena, pero sin duda fue un hombre singular y enfocado.

Sid Watkins era el médico de la F1 que lo atendió en 1994. Escribió que después de la muerte de Ratzenberger, preguntó a un Senna abatido por qué sentía la necesidad de continuar, que no tenía nada que probar. "Déjalo y vámonos de pesca", le dijo Watkins. La respuesta de Senna retrató su carácter y por qué, como se manifestó en su conducción, era tan encantador. "Hay ciertas cosas sobre las que no tenemos control", respondió. "No puedo renunciar, tengo que seguir adelante."

Este enfoque y determinación le dieron un dominio casi etéreo de un automóvil. Tenía una compulsión por probarse a sí mismo, no solo por ganar, sino por demostrar el nivel en el que operaba. "Siempre fue intenso en su enfoque en la conducción", dice Herbert.

"Fue agresivo en el auto, pero no estoy de acuerdo con la gente que dice que era sobre-agresivo, simplemente conducía muy, muy duro. Como dijo: 'Si hay un hueco, voy a ir por él'. Creó ese aura solo por ver el casco en sus espejos. Eso es lo que creó."

Senna también es un conductor conocido fuera de la burbuja del motor racing, como el nombre conocido más cercano a nivel mundial de la era y también era profundamente humano. Era un apasionado defensor de la seguridad de los conductores,
