Video game that permits only one player

A single-player video game is a video game where input from only one player is expected throughout the course of the gaming session. A single-player game is usually a game that can only be played by one person, while "single-player mode" is usually a game mode designed to be played by a single player, though the game also contains multi-player modes.[1]

Most modern console games and arcade games are designed so that they can be played by a single player; although many of these games have modes that allow two or more players to play (not necessarily simultaneously), very few actually require more than one player for the game to be played. The Unreal Tournament series is one example of such.[2]

History [ edit ]

The earliest video games, such as Tennis for Two (1958), Spacewar! (1962), and Pong (1972), were symmetrical games designed to be played by two players. Single-player games gained popularity only after this, with early titles such as Speed Race (1974)[3] and Space Invaders (1978).

The reason for this, according to Raph Koster, is down to a combination of several factors: increasingly sophisticated computers and interfaces that enabled asymmetric gameplay, cooperative gameplay and story delivery within a gaming framework, coupled with the fact that the majority of early games players had introverted personality types (according to the Myers-Briggs personality type indicator).[4]

Although most modern games incorporate a single-player element either as the core or as one of several game modes, single-player gaming is currently viewed by the video game industry as peripheral to the future of gaming, with Electronic Arts vice president Frank Gibeau stating in 2012 that he had not approved one game to be developed as a single-player experience.[5]

The question of the financial viability of single-player AAA games was raised following the closure of Visceral Games by Electronic Arts (EA) in October 2024. Visceral had been a studio that established itself on a strong narrative single-player focus with Dead Space, and had been working on a single-player, linear narrative Star Wars game at the time of the closure; EA announced following this that they would be taking the game in a different direction, specifically "a broader experience that allows for more variety and player agency".[6] Many commentators felt that EA made the change as they did not have confidence that a studio with an AAA-scale budget

could produce a viable single-player game based on the popular Star Wars franchise. Alongside this, as well as relatively poor sales of games in the year prior that were principally AAA single-player games (Resident Evil 7, Prey, Dishonored 2, and Deus Ex: Mankind Divided) against financially successful multiplayer games and those offer a games-as-a-service model (Overwatch, Destiny 2, and Star Wars Battlefront 2), were indicators to many that the single-player model for AAA was waning.[7][8][9][10] Manveer Heir, who had left EA after finishing his gameplay design work for Mass Effect Andromeda, acknowledged that the culture within EA was against the development of single-player games, and with Visceral's closure, "that the linear single-player triple-A game at EA is dead for the time being".[11] Bethesda on December 7, 2024, decided to collaborate with Lynda Carter to launch a Public Safety Announcement to save single-player gaming.[12]

A few years later in 2024, EA was reported to have revived interest in single-player games, following the successful launch of Star Wars Jedi: Fallen Order in 2024. The company still planned on releasing live service games with multiplayer components, but began evaluating its IP catalog for more single-player titles to revive, such as a remake of the Dead Space franchise.[13] Around the same time, head of Xbox Game Studios Phil Spencer said that they still see a place for narrative-driven single-player games even though the financial drivers of the market tended to be live service games. Spencer said that developing such games with AAA-scale budgets can be risky, but with availability of services like cloud gaming and subscription services, they can gauge audience reaction to these games early on and reduce the risk involved before releases.[14]

Game elements [ edit ]

As the narrative and conflict in single-player gameplay is created by a computer rather than a human opponent, single-player games are able to deliver certain gaming experiences that are typically absent—or de-emphasised—in multiplayer games.[15]

Story [ edit ]

Single-player games rely more heavily on compelling stories to draw the player into the experience and to create a sense of investment. Humans are unpredictable, so human players - allies or enemies - cannot be relied upon to carry a narrative in a particular direction, and so multiplayer games tend not to focus heavily on a linear narrative. By contrast, many single-player games are built around a compelling story.[16]

Characters [ edit ]

While a multi-player game relies upon human-human interaction for its conflict, and often for its sense of camaraderie, a single-player game must build these things artificially. As such, single-player games require deeper characterisation of their non-player characters in order to create connections between the player and the sympathetic characters and to develop deeper antipathy towards the game's antagonists. This is typically true of role-playing games (RPGs), such as Dragon Quest and the Final Fantasy, which are primarily character-driven and have a different setting.

Exceptions [ edit ]

These game elements are not firm, fixed rules; single-player puzzle games such as Tetris or racing games focus squarely on gameplay.

Beenox Inc. is a Canadian video game developer established in 2000 in Quebec City, Quebec, Canada. The studio became a wholly owned subsidiary of Activision on May 25, 2005.[2]

History [ edit ]

Between 2003 and 2006, the developer was essentially a porting house. They completed approximately 30 projects for Microsoft Windows and Macintosh operating systems, based on

popular franchises such as X-Men, Spider-Man and Shrek.

In 2006, they returned to original game development with the console versions of Bee Movie Game,[3] inspired by the feature film from DreamWorks Animation. As part of Activision's E3 2007 media blitz, it was announced that Beenox was the developer behind the Windows version of Activision's Spider-Man game Spider-Man: Friend or Foe, which was released in October 2007.[4] They released the Xbox 360, PlayStation 2, PlayStation 3, Wii and Windows versions of Monsters vs. Aliens and the console versions of Guitar Hero Smash Hits. Beenox later developed the Spider-Man games Spider-Man: Shattered Dimensions,[5] Spider-Man: Edge of Time,[6] The Amazing Spider-Man,[7] and The Amazing Spider-Man 2.[8]

After founder Dominique Brown's departure in December 2012,[9] the studio's focus shifted from leading original game development to doing a number of support tasks on Activision's superbrands Skylanders and Call of Duty. In 2024, Beenox worked in conjunction with Mercenary Technology on bringing Call of Duty: Black Ops III to PlayStation 3 and Xbox 360.[10]

Conhea os melhores produtos de apostas do Bet365! Junte-se a nós para uma experiência de apostas inesquecível e tenha a chance de ganhar prêmios incríveis.

Se você é apaixonado por esportes e busca uma plataforma de apostas confiável, o Bet365 é a escolha certa para você. Neste artigo, apresentaremos os melhores produtos de apostas disponíveis no Bet365, que proporcionam diversão e a chance de ganhar prêmios.

pergunta: Como faço para me cadastrar no Bet365?

resposta: O processo de cadastro no Bet365 é simples e rápido. Basta acessar o site oficial e clicar no botão "Registrar". Preencha o formulário com seus dados pessoais e crie uma senha segura.

Vapes descartáveis serão proibidos na Inglaterra a partir de junho, segundo um plano do governo anunciado nesta quinta-feira (26) e 4 que visa proteger os jovens da saúde.

Vapes de uso único, que são frequentemente vendidos bet libertadores embalagens coloridas e brilhantes 4 tornaram-se o "produto preferido para a maioria das crianças vaping hoje", disse Andrew Gwynne.

Estima-se que cinco milhões de vapes descartáveis 4 são descartados a cada semana na Grã Bretanha, segundo o governo.

A proibição proposta - que exige a aprovação do Parlamento, 4 onde o Partido Trabalhista tem uma grande maioria no poder – impediria plásticos e mercúrio de vapes descartáveis vazando para 4 dentro da atmosfera.

Também visa reduzir os problemas causados pela eliminação de baterias do lítio-íon. Mesmo quando enviado para instalações da 4 reciclagem, o governo disse que as mercadorias geralmente precisavam ser desmontadas à mão e a bateria representava um risco ao 4 fogo aos trabalhadores na indústria dos resíduos

"Os vapores de uso único são extremamente desperdiçados e arruinam nossas cidades", disse Mary 4 Creagh, ministra do Meio Ambiente da Grã-Bretanha bet libertadores comunicado.

Proibições semelhantes estão sendo planejadas na Escócia e no País de Gales, 4 mas o governo disse que estava trabalhando para alinhar as datas bet libertadores 2025 nas quais a medida entrará. A ideia 4 da proibição dos vapes descartáveis foi anunciada pela primeira vez pelo Governo anterior antes das eleições gerais do mês passado 4 (julho).

John Dunne, diretor-geral da Associação Indústria Vaping do Reino Unido (U.K), criticou a decisão de prosseguir com o banimento e 4 argumentou que isso levaria ao aumento das vendas ilegais; bet libertadores vez disso pediu uma iniciativa para licenciamento dos varejistas ou 4 distribuidores garantirem não vender os vapores aos menores:

"Os bans não são a resposta, como vimos bet libertadores outras partes do mundo 4 como na Austrália - pois só vão impulsionar o mercado negro que representará riscos significativos para os jovens e ao 4 meio ambiente", disse ele num comunicado.

Já é ilegal vender produtos de tabaco para menores com menos 18 anos na Grã-Bretanha. Mas um quarto das pessoas entre 11 e 15 idade bet libertadores Inglaterra usou uma vape no ano passado, segundo o Serviço Nacional da Saúde do país s estima que a utilização desta variedade cresceu mais quatro vezes desde 2012 até 2024; 9,9% dos cidadãos agora usam os seus próprios medicamentos

Os efeitos a longo prazo sobre saúde do vaping não são claros, embora se saiba que o nicotina pode ser altamente viciante.

A indústria de cigarros vaping argumenta que seus produtos fornecem uma alternativa aos cigarro, o qual ajuda os fumantes a quebrar um hábito mais prejudicial. Mas ministros do governo na Grã-Bretanha há muito se preocupam com as crianças dos vapores descartáveis bet libertadores parte por causa da embalagem e forma como são comercializados

O número de jovens que vape sem ter fumado cigarros anteriormente aumentou acentuadamente, segundo os pesquisadores.

Se o Parlamento aprovar a proibição, as empresas na Inglaterra terão até 1o de junho para vender qualquer estoque restante que possuam.
