contente:

It shares many similarities with 1000 Diamond Roulette, which is another Playtech game. It is vaguely based on European roulette, which means there is a single zero on the wheel. However, that's where the similarities end: the game has 105 pockets to place a bet on, and its wheel looks like a racetrack. The maximum win is 100x total bet, and there are multiple bet types that offer this payout. However, unlike 1000 Diamonds For example, a three number bet means dividing 36 by 3 to get 12, then subtracting 1 to equal 11. The payout rate for a three number bet is therefore 11:1, meaning a \$10 bet would result in a \$120 payout if you won.

Though roulette is a game of a chance, having a strategy can increase your frequency of wins. Some of the best roulette strategies include the Martingale Betting Strategy, the D'Alembert Betting Strategy, the James Bond Betting Strategy, and the All-In Strategy.

[trusted roulette online](#)

Martingale is definitely one of the most widely known and most successful roulette strategies (for some it is the best roulette strategy), and it is very simple to apply. It can be used only for outside bets, those that provide almost 50% chance of winning, and excluding the 0.
